Continuation of 3. NOTE: The new added limitation of "wherein removing the Mo residue around the Mo/Cu electro line includes oxidizing the Mo residue and removing the oxidized Mo residue, and wherein oxidizing the Mo residue includes one of an O2 ashing process, an Ultra Violet treating process and an O2 annealing process" in claims 1 and 8 require further consideration. The amendments to the claims require further consideration since the previously rejected subject matter of Claims 2, 3, 9 and 10 have been included in claims 1 & 8, and thus the claims previously dependent on Claims 1 and 8 are now also newly dependent on the Claims 2, 3, 9 &10 subject matter (i.e. the scope of the dependent claims has changed since they are now dependent on a Claims 1 and 8 which has additional limitations thus requiring further consideration).
